FIRST Tech Challenge (FTC) is designed for students of the 7th - 12th grade to compete head to head with their robots, using an alliance format. Teams are responsible for designing, building, and programming their robots to compete in a FIRST-designed, FIRST Tech Challenge. **Promotional video:** https://youtu.be/y5NPp_5KHuk

ENIGMA ROBOTICS TEAM

The First Tech Challenge (3 Time) New Mexico State Champions

Is actively seeking corporate sponsorship and looking for STEM mentors!

SEASON - Our season begins in September when FIRST releases the animated challenge video and ends in April with Worlds, but may vary depending on how far the team advances. We custom fabricate most parts and program our robot using Android Studio. We complete community outreach, collaborate with local Stem professionals, and document our season.

ESTIMATED BUDGET & COSTS

ITEM	COST
Fees (reg, competitions)	\$295 - \$900
Game	\$450 - \$1200
Robot	\$3500 - \$5000

ENIGMA is a program of Applied Dynamics Initiative 501(c)3

Donations or sponsorships should be tax deductible (consult your accountant) and can be made by check or credit card. A tax receipt will be provided for y9our records and the benefits above provided in due time.

Competitive Robotics can be expensive but the outcome for many students is priceless. Your support can shape the future leaders of our world. And as Dean Kamin says: "This is the one sport where every student can go pro!".

THANK YOU FROM THE BOTTOM OF OUR HEARTS
